Certificate in Understanding the Principles of Dementia Care Level 3			None	

Course Overview

This qualification enables learners to develop knowledge and understanding of caring for individuals with dementia. Successful completion of the units will allow learners to develop in-depth knowledge and understanding of dementia and its effects. The objectives of this qualification are to enable learners to understand:

- types of dementia and the importance of early diagnosis
- person-centred approaches in dementia care
- the role of communication, interaction and inclusion in dementia care and support
- the use of medication to support individuals with dementia.
