

Understanding Specific Learning Difficulties Certificate Level 2

Course Overview

This 12 week short course is designed to provide you with the techniques, support and understanding that is required for working with individuals who have specific learning difficulties. Having a learning difficulty means that people find it harder to learn certain skills. It is important for those working in healthcare, social care and education to have knowledge of different Specific Learning Difficulties, how they are diagnosed and how individuals can be supported.

What Qualifications Or Experience Do I Need?

There are no previous entry requirements for this qualification. As this is a Distance Learning programme, you must be able to commit some spare time to work on your assessments in between your tutorials.

How Long Is The Course?

12 weeks.

What Will I Learn?

The units in this course are: Unit 1 - Understand Specific Learning Difficulties Unit 2 - Understand the Effects of Specific Learning Difficulties Unit 3 - Understand the Diagnosis of Specific Learning Difficulties Unit 4 - Understanding Supporting Individuals with Specific Learning Difficulties Unit 5 - Understand the Context of Specific Learning Difficulties

How Will I Learn?

Upon enrolment, your tutor will provide you with a resource pack which will contain three workbooks with a corresponding end of unit assessment booklet to complete. Your tutor will arrange a three-weekly tutorial session to give you support, advice and guidance on the course content and to provide feedback on the work you have completed. To be awarded the qualification, you need to successfully complete the three workbooks.

How Will I Be Assessed?

Your tutor will mark your completed end of unit assessment booklets which will then be verified by the awarding body. No examinations are required.

Where Could This Course Lead To?

You may wish to broaden your knowledge by completing our other available short courses: Equality & Diversity, Mental Health Awareness, Principles of Dementia Care, Understanding the Safe Handling of Medicines and Principles of End of Life Care.
